What Is Sport?

Sport refers to the exercise of skill in a physical activity which is often competitive, and carried on for its intrinsic enjoyment, including that of its spectators.

What Is Sport?

Sport is generally recognised as activities based in physical athleticism or physical dexterity.

Sports are usually governed by rules to ensure fair competition and consistent adjudication of the winner.

History Of Sport

There are artifacts and structures that suggest that the Chinese engaged in sporting activities as early as 2000 BC. Gymnastics appears to have been a popular sport in China's ancient past.

History Of Sport

A wide range of sports were already established by the time of Ancient Greece and the military culture and the development of sports in Greece influenced one another considerably.

Amateur and professional

Sport can be undertaken on an amateur, professional or semi-professional basis, depending on whether participants are incentivised for participation (usually through payment of a wage or salary).

Spectator involvement

Both amateur and professional sports attract spectators, both in person at the sport venue, and through broadcast mediums including radio, television and internet broadcast.

Spectator Involvement

It is common for popular sports to attract large broadcast audiences, leading to rival broadcasters bidding large amounts of money for the rights to show certain fixtures.

Spectator Involvement

The football World Cup attracts a global television audience of hundreds of millions; the 2006 final alone attracted an estimated worldwide audience of well over 700 million and the 2007 Cricket World Cup attracted about 2.3 billion worldwide viewers.

Technology

Technology plays an important part in modern sport, with it being a necessary part of some sports (such as motorsport), and used in others to improve performance.

Technology

Sports science is a widespread academic discipline, and can be applied to areas including athlete performance, such as the use of video analysis to fine tune technique, or to equipment, such as improved running shoes or competitive swimwear.

Sport In Our Life

Sports play an important part in our life as our state of health depends on it. It's popular among both children and grown-ups. The sport helps to bring up physically strong, courageous, strong-willed and energetic people.
